### **Lactalis Takes Home 15 Medals for Cheesemaking Expertise at the 2022 American Cheese Society Judging & Competition**

*Galbani® cheeses claim six medals, along with Lactalis brands Président®, Bella Gento®, Balderson® and Lactantia®*

**CHICAGO, July 29, 2022** – [Lactalis](https://www.lactalis.com), the world's leading dairy company, was recognized for its cheesemaking expertise with 15 medals across its broad portfolio of premium cheese and butter products at the 2022 American Cheese Society (ACS) Judging & Competition on July 21 in Portland, Oregon.

Lactalis cheeses and butters produced in North America won 15 medals, including 10 cheeses produced in the United States. Lactalis' premier global brands Galbani\* and Président collectively won eight medals, six by Galbani cheeses. Bella Gento claimed one. Lactalis Canada's Balderson cheese (three medals) and Lactantia butter (two medals) also earned top honors. The products were judged among 1,387 cheeses from 196 companies.

"We are honored to see the broad Lactalis portfolio of cheese products receive such high honors from an esteemed institution like the ACS," said Esteve Torrens, chief executive officer, Lactalis USA. "This recognition by the United States cheese making industry reflects the teamwork and dedication of the Lactalis family of employees who work each day to inspire and delight our customers and consumers with high-quality, delicious cheese products that bring families and friends together in the United States, Canada, and around the world."

These honors come after Lactalis was recognized with 20 medals this spring at the prestigious international [World Championship Cheese Contest®](https://www.worldcheesecontest.com), including nine gold medals across its broad portfolio of products.

The ACS is a leading organization supporting the understanding, appreciation and promotion of farmstead, artisan and specialty cheeses produced in North America. The award ceremony was part of the ACS Annual Conference, which was held in person for the first time since 2019 due to the pandemic. This is the seventh time since 2012 that Lactalis has been recognized with 10 or more ACS medals.
